

"This is the kind of connection we need."

## CO-OPS AND CONGRESS, TOGETHER WE CAN KEEP ELECTRICITY AFFORDABLE.

These are hard economic times for America's families. Many are struggling to afford the basics: food, housing, and energy.

In fact, the cost of electricity is up 40 percent since 2002 and projected to go even higher—and today's electricity supplies won't be able to keep pace with future demand.

We need an answer right now to keep our electricity affordable.

The solutions won't be easy—but America's electric cooperatives are ready to work with Congress toward an energy plan we can all afford.

Ask your elected officials to work with America's consumer-owned, not-for-profit electric cooperatives. Together we can face these hard times with resolve to build a brighter future.
